SESSION TRACKS

ADOPTION
Come and learn adoption strategies, tips and tricks to engage your users from communication to bots and everything in between.

TEAMWORK
Team work makes the dream work... Teamwork is all about collaboration, document control & how to run effective Teams meetings.

POWERTEAMS
Microsoft Teams + Power Platform. Come and learn how to automate your business processes and increase productivity using Office 365 tools and very little code.

TEAMSADMIN
Learn how to provision, manage and support your Teams environment, including advanced troubleshooting sessions on call quality, devices & Teams backend.

VOICE
Discover how to deploy and configure Teams Voice Services from Calling Plans to Direct Routing and how to manage going forward.

TEAMSTASTERS
20-minute envisioning sessions highlighting key features and functionality of Teams and its complementary applications and services.

PRACTICAL LEARNING

MASTERCLASS
Masterclass workshops to that focus in on key challenges faced by organisations. Come and learn business case value, improve your skills as a Teams champion user and engage in conversation and let the community help you.

HANDS ON LABS
Get hands on experience deploying technology from:
- Direct Routing
- Teams Meeting Rooms
- Contact Center

Improve your knowledge in these dedicated labs provided by experts.
